

Enduro Fence Portable Outfield Fence Systems Specifications & Options

Enduro Fence Overview

The Enduro Pocket Temporary Outfield Fence Kit is a fast and flexible solution for setting outfield boundaries for baseball and softball fields. The kit is easy to install and does not require any permanent hardware. Being portable and easy to store, this makes Enduro Fence a great choice for schools, parks, and multi-use athletic fields.

Features

- Designed to create a home run boundary
- Includes high-visibility green fencing
- Installs quickly with no tools or digging required
- Resuable, portable, and easy to store
- Ideal for practice fields, tournaments, or temporary venues.
